**Note for New Hampshire growers:** Only licensed pesticide applicators or commercial applicators in Category A may legally use a pesticide for a pest not specified on the label. The pesticide must be registered for the intended crop.

**READ PESTICIDE LABELS BEFORE EACH USE**

**DO NOT WASH OR RINSE SPRAY EQUIPMENT IN OR NEAR WELLS, STREAMS, PONDS OR LAKES**

**THIS GUIDE IS INTENDED FOR USE ONLY DURING 2003–2004**

All pesticide uses suggested in this publication are contingent upon continued registration. Pesticides must only be used in accordance with label directions and with federal and state laws and regulations. Where trade names are used for identification, no company endorsement or product discrimination is intended. The Universities make no warranty or guarantee of any kind, expressed or implied, concerning the use of the products or practices mentioned in this publication. **USER ASSUMES ALL RISKS FOR PERSONAL INJURY OR PROPERTY DAMAGE.** While an attempt is made to provide complete and up-to-date information, pesticide labels may change after this guide is printed or this guide may contain errors. The pesticide label takes precedence over the information in this guide.
